NYU Alliance for Public Interest Technology seed grants
AY 2022-2023

The Alliance is committed to funding new projects that pursue the mission of developing the field of Public Interest Technology (PIT).

Eligibility:

- Must be a current NYU Alliance Associate;
- Project must further the PIT mission by significantly addressing one or more components of the [PIT Vision](#);
- Proposals must draw upon theoretical and/or analytic approaches from multiple disciplines and/or involve collaboration with multiple Schools/departments at NYU or a collaboration with [faculty from a PIT-UN member institution](#);
- Approval from OSP is NOT required.

Applications will be submitted via [Google Form](#) during the application period. **Applications are due February 28, 2023 by 5:00 PM ET**. Applicants will be prompted to enter personnel and project information into text fields within the portal and will also be required to upload PDF attachments. A summary of required sections is as follows:

1. Personal Details: Applicant name, title and contact information

2. Key Collaborator Information: Include names, affiliations, and project titles (e.g. Co-PI, Co-I, Advisor) for key members of the project team

3. Proposal Title

4. Elevator Pitch (250 words)

5. Project Plan (3-5 pages, single spaced)

6. Impact (How does your project, process, and outcomes further the PIT Mission and vision as articulated [here](#))?

7. Project Budget

Awards typically range from $10,000 - $15,000, and will not exceed $25,000. Funds cannot be used to support faculty effort. Budgeted expenses may include wages for student assistants, fringe benefits, travel related to data collection, fieldwork expenses, subject incentives, consultation, hourly assistance, etc.

8. Please describe the prospect for future external funding.

If you have any questions about the application process, please email Melissa Lucas-Ludwig at ml110@nyu.edu.
